To call in by phone: (Toll Free): [1 866 899 4679](tel:18668994679) or [+1 \(571\) 317-3117](tel:+15713173117)

**Access Code:** 759-646-093

As part of the Rio Grande Basin Implementation Plan Update, three meetings have been scheduled to review and discuss results from the [2019 Analysis and Technical Update to the Water Plan](#):

### Environment & Recreation

September 30

10:30 a.m. - 12:00 noon

### Agriculture

October 1

1:00 pm - 2:30 pm

### Municipal & Industrial

October 8

10:30 a.m. - 12:00 noon

Content to be covered during each meeting is described below.

#### Environment & Recreation:

- Environmental Flow Tool – assesses existing and projected flow needs as well as potential flow impairments.
- Environmental & Recreational Database

#### Agriculture:

- Agricultural water demand, use, and supply modeling
- Potential agricultural supply gaps under future planning scenarios

#### Municipal & Industrial:

- M&I water demand, use, and supply modeling
- Potential M&I supply gaps under future planning scenarios

Each meeting will cover the methodology used and results from each analysis. There will also be time for questions and discussion.

Please contact Daniel Boyes ([daniel@riograndeheadwaters.org](mailto:daniel@riograndeheadwaters.org)) with any questions.
